I write a program to print Hello student on the Screen.
世 include とStdio·h>
int main ()
Sprintf (" Hello Student");
heturn o;
\frac{1}{2}
2. Write a Program to print Helloth Fixt line and stude
in the second line
Include < Stdio.h> int main()
\{\begin{array}{cccccccccccccccccccccccccccccccccccc
Printf (Hello: \W Student'11);
retum0;
(Rembersher to print) in dows open gowes)
(Cembernher to print) in dows) spect growes)
Include (Stalo. W)
int main()
\
Print+(")" My Sirc "");
Return 0:
